

DISTRIBUTOR AGREEMENT

THIS AGREEMENT (the “Agreement”) is entered into effective as of 1st day of August 2026. (the “Effective Date”)

Between:

SEEDMASTER MANUFACTURING LTD.

with its principal place of business located at
#1 South Plains Rd. W
Emerald Park, Sask.
S4L 1C6

(the “**Company**” or “**SeedMaster**”)

And

Redekop Manufacturing Australia Pty Ltd.

with its principal place of business located at
Level 10 1 Eagle Street
Brisbane, QLD 4000

(the “**Distributor**”)

WHEREAS the Company is engaged in the research, design, testing, development, manufacture, distribution, marketing and sale of air seeding machinery and equipment under the “SeedMaster” trade mark and trade name, including without limitation, direct seeding air seed drills, air seed and dry fertilizer tanks, liquid fertilizer tanks, granular inoculant tanks, seed and seeding monitor systems (sometimes referred to herein as a “**unit**” or “**units**”) and all supplies, parts and accessories related thereto (the “**parts**”, and collectively with units unless otherwise specified herein, the “**Products**”);

AND WHEREAS the Company wishes to appoint the Distributor as an exclusive Distributor of the Products to Dealers (as hereafter defined) in the Territory (as defined herein) and the Distributor has agreed to accept such appointment as an exclusive Distributor of the Products to Dealers in the Territory on the terms and conditions hereinafter set forth;

NOW THEREFORE in consideration of the premises and the mutual covenants, terms, conditions and agreements contained herein, and other good and valuable consideration, the sufficiency of which is hereby acknowledged, the parties hereto agree as follows:

ARTICLE 1 - APPOINTMENT AS AN EXCLUSIVE DISTRIBUTOR AND TERRITORY

1.1 Appointment as Exclusive Distributor and Territory

In accordance with and subject to the provisions of this Agreement, the Company appoints the Distributor as its exclusive Distributor to promote the sale of and to sell and service the Products to Dealers (as defined below) in Australia (the “**Territory**”). The Distributor accepts its appointment by the Company as its exclusive Distributor to promote the sale of and service the Products to Dealers in the Territory upon the terms, provisions and conditions of this Agreement. Exclusivity is contingent on the Distributor fulfilling its responsibilities and obligations outlined in Section 2.11 and such exclusivity may be unilaterally restricted, revised, or revoked by the Company in accordance with that Section. Subject to these conditions, the Distributor is granted exclusive rights to sell the Products in the Territory. The Company will not be responsible for any indirect impact that its sales or service activities outside the Territory may have on the Distributor.

For the purpose of this Agreement, the “**Dealer**” means a farm implement Dealer that sells to a farmer or other end user of the Products and has entered into a distribution or resale arrangement approved by the Distributor and accepted by the Company. The “**Customer**” means any end user of the Product, including individual farmers or agricultural operations, purchasing directly or indirectly through a Dealer. This appointment is further governed by the Staged Market Entry Model outlined in Schedule B.

1.2 Distributor is Independent Contractor

The Distributor is an independent contractor of the Company and as such the Distributor is not the Company’s agent, partner or joint venturer in any respect and is not authorized to incur any obligations or to make any promises or representations on the Company’s behalf.

1.3 Intellectual Property

Each Party retains all right, title, and interest in and to its respective intellectual property. The Company hereby grants to the Distributor a limited, revocable, non-exclusive, non-transferable, and royalty-free licence in the Territory during the Term to use the Company’s trademarks, names, logos, and other materials solely as reasonably necessary to market and distribute the Products and perform the Market Development Consulting Services and Demo Support Services in accordance with this Agreement (including for labels and packing slips). The Distributor shall not use such intellectual property for any other purpose and shall not acquire any rights therein except as expressly set out in this Section. The Distributor is not authorized to and agrees that it will not otherwise use the name of “SeedMaster” or any derivative thereof or any other intellectual property of the Company or any of its affiliated corporations as a part of any name or style by which its business is known or is registered as a business enterprise.

Should the Distributor meet or exceed the Tier 3 sales threshold as defined in Schedule B, the parties agree to enter good-faith negotiations regarding a deeper strategic partnership, which may include co-branding, joint venture operations, or other governance collaboration.

1.4 No Reverse Engineering

The Distributor shall not, and shall not permit any third party to, copy, reproduce, disassemble, decompile, reverse engineer, or otherwise attempt to derive the composition, design, structure, or underlying know-how of any of the Company’s Products, inventory, software, systems, or documentation, except with the Company’s prior written approval and to the limited extent strictly necessary to market and distribute the Products and perform the Market Development Consulting Services and Demo Support Services in accordance with this Agreement.

1.5 Staged Market Entry Model

“Staged Market Entry Model” refers to the tiered commercial engagement structure based on Distributor unit sales performance within a model year, as more fully outlined in Schedule B.

1.6 Market Development Consulting Services

“Market Development Consulting Services” means the dealer development, regulatory coordination, commercialization planning, product promotion, customer engagement, demonstration support, competitive intelligence, and market reporting activities performed by the Distributor during Stage 1 for the purpose of establishing the SeedMaster brand presence in the Territory. These services form the basis of the Marketing & Consulting Support Fee payable during Stage 1.

1.7 Demo Support Services

“Demo Support Services” means activities performed by the Distributor to support product demonstrations in the Territory, including transport of demonstration units, setup, calibration, operation during events or customer engagements, dealer demonstration support, field-day coordination, and post-event reporting. These activities form part of the Market Development Consulting Services during Stage 1. Demo Support Services do not include any warranty repair, field repair, or service activities as outlined in Section 2.13 and Schedule A. Demo Support Services do not include any provision of free parts, free labor, or cost coverage related to equipment failures or damage.

1.8 Dealer Groups

“Dealer Group” means a formally contracted Dealer entity operating one or more retail outlets, approved by both the Distributor and SeedMaster.

1.9 Subcontracting

Distributor shall not subcontract, delegate, or otherwise transfer any of its obligations under this Agreement without the prior written consent of the Company. Any approved subcontracting shall not relieve Distributor of its obligations under this Agreement, and Distributor shall remain fully responsible for the performance of any subcontractor and for ensuring compliance with all terms and conditions of this Agreement.

ARTICLE 2 - TERMS OF SALE

2.1 Criteria for Unit Production Authorization

The Company shall not schedule units for production until the following criteria are met:

- (a) A quote is logged in the system with a Dealer and customer name. Logged quotes are valid for 30 days.
- (b) The quote is reviewed by the Company and signed off on by the Company’s Director of Sales.
- (c) Once reviewed and approved by the Company, the quote will be sent back to the Distributor and will require the following:
 - i. Signature from the Distributor;
 - ii. A purchase order is generated, if required by either party’s internal process;
 - iii. Once Distributor signature and, if required, purchase order is received, an estimated production month will be provided by Company;
 - iv. 20% of dealer net price booking deposit is required unless indicated otherwise on the signed quote received by the Company. Production will not commence on any units until the full booking deposit has been received by the Company; and
 - v. Balance of dealer net price due 120 days from date of shipment or when retailed, whichever comes first.

Once all criteria under this Section 2.1 have been met, the Company shall assign the applicable unit a serial number.

This Section 2.1 shall be reviewed and, if required, modified by mutual agreement of the parties at the beginning of each model year.

2.2 Model and Production Year

The Company's model and production year is June 1 to May 31 annually. The Company shall release information regarding new unit models as soon as the specifications for such unit models are available, however the Company's production of new unit models will not be available until June of each year. All unit models within the production year will start with the same two numbers and will be sequentially numbered.

2.3 Pricing and Discounts - Units

The Company will publish an annual spring unit price of all available unit models and options. The annual price list will be effective from June 1 to May 31 of each year. The annual unit price list is subject to change by the Company upon reasonable notice to the Distributor.

The Distributor shall purchase units at the following stacked discounts:

- (a) A standard discount of 20% off the Company's published list price, applied to all standard configurations.
- (b) Any applicable retail sales program discounts, as communicated annually by the Company, shall be applied to the price after the base discount has been deducted.
- (c) An additional 5% discount will be applied to the resulting dealer net price after application of the retail sales program discount, where applicable.

For clarity, these discounts are applied sequentially and cumulatively in the order shown above. "Dealer net price" is defined as list price less the standard discount. All pricing, discounts, and dealer net price calculations are stated and payable in Canadian Dollars (CAD), unless agreed otherwise in writing.

2.4 Stage 1 Marketing & Consulting Support Fee

During Stage 1 of the Staged Market Entry Model, the Company will pay the Distributor a marketing & consulting support fee (the "Support Fee") in recognition of the Distributor's Market Development Consulting Services and Demo Support Services performed to establish the SeedMaster brand in the Territory.

- (a) The Support Fee is a fixed monthly payment for the duration of Stage 1, based on the Company's good-faith expectation that units will be sold in the Territory and that demonstration activity will be required.
- (b) The Support Fee is not contingent on actual unit sales and shall not be considered a discount, rebate, margin support, or price concession.
- (c) The Distributor shall issue an invoice for the Support Fee at the end of each calendar month, accompanied by a summary of Market Development Consulting Services and Demo Support Services performed during that month.

- (d) The Support Fee is intended to compensate the Distributor for the full scope of Stage-1 commercialization activities including Dealer onboarding, product positioning, field-day coordination, demonstration deployment, competitive analysis, localized marketing, and Customer engagement.
- (e) No separate demo-unit discounts apply during Stage 1; all demo-related work is compensated through the Support Fee.
- (f) At the conclusion of Stage 1, the parties will conduct a good-faith reconciliation review. No claw back of the Support Fee shall occur unless mutually agreed.
- (g) The Support Fee terminates upon transition to Stage 2 or the end of SeedMaster's RTRI (as defined in Schedule B) participation, whichever occurs first.
- (h) The Support Fee shall be paid in full without deduction or withholding for any taxes, levies, or charges imposed by any governmental authority, except where required by law. In the event withholding is required, the parties shall in good faith cooperate to minimize such withholding to the extent legally permissible.

For clarity, the Support Fee applies exclusively during Stage 1 and shall not apply in Stage 2 or Stage 3 unless expressly agreed in writing by the parties.

The scope, structure, and administration of the Support Fee are further detailed in Schedule C to this Agreement.

2.5 Parts Stocking, Ordering, and Payment

Stocking Requirement

The Distributor shall maintain adequate parts inventory to support Dealers and Customers within the Territory. The Company will annually publish a dealer parts price list and recommended retail pricing. Each year, the Company and Distributor will meet to determine a recommended preseason parts order based on forecasted demand.

Ordering and Payment Terms

All parts orders require a valid Distributor purchase order prior to processing. Payment for parts is due 60 days from shipment. Accounts not paid in full upon 60 days from shipment will be placed on credit hold, and:

- (a) A 2.5% monthly interest will apply to overdue balances.
- (b) All parts shipments will be withheld until the account is brought current.

Parts Discount

All service parts purchased by the Distributor shall be subject to a **35% distributor discount** off the published dealer parts price list. This discount is separate from the unit discount structure and applies to all parts orders unless otherwise agreed by the parties in writing.

Returns

Returned parts will be subject to a 15% restocking fee and must comply with applicable legislation. Return requests are subject to the Company's prior written approval.

Consequences of non-compliance

Failure by Distributor to place the recommended preseason order or maintain minimum stocking levels of parts may result in:

- (a) Delayed or unavailable parts during seeding season.
- (b) Suspension of warranty support, technical assistance, and future shipments of new parts.

Any suspension shall apply only prospectively and will not affect warranty obligations already incurred.

2.6 Force Majeure

Neither party will be liable for any delay or failure to perform its obligations under this Agreement (except for any obligations to make payments to the other party under this Agreement) when and to the extent caused by events beyond its reasonable control, including natural disasters, acts of God, pandemics, war, terrorism, civil unrest, labor disruptions, material or transportation shortages, government actions, utility failures, or system outages (each, a "Force Majeure event"). Obligations will be suspended for the duration of the disruption and resume once performance becomes reasonably possible. If the disruption continues for more than thirty (30) days, the Distributor may cancel the affected purchase order without penalty and receive any applicable deposit refund. Where supply is limited following a Force Majeure event, the Company may allocate Product among its customers as it reasonably determines.

2.7 Completion and Payment

The Distributor will be notified by email upon completion of the unit. Units are invoiced upon completion. Invoices will be emailed to the Distributor on the date of completion and payments are due as per Section 2.1. Legal title to all Products sold to the Distributor under this Agreement shall transfer to the Distributor upon pick-up of the Products by the Distributor or its designated carrier at the Company's facility in Emerald Park, Saskatchewan, Canada (EXW - Ex Works Incoterms® 2020), notwithstanding that payment may not yet have been received in full.

- I. Payment for completed units shall be subject to Section 2.1 and subject to Section 2.3.
- II. The Company will accept payment via wire transfer to the account specified on the invoice. All invoices are payable in Canadian Dollars (CAD), unless otherwise specified in writing by the Company.
- III. Export Development Canada (EDC) Receivable Insurance is required for all invoices. Distributor must provide all information requested by EDC to get the account established.

2.8 Freight and Delivery Terms

Shipping Terms

All shipments of Products under this Agreement shall be made EXW (Ex Works Incoterms® 2020) – at the Company's facility in Emerald Park, Saskatchewan, Canada, unless otherwise agreed in writing by both parties. The Distributor is solely responsible for all freight, insurance, customs clearance, duties, import taxes, and inland transportation from the point of shipment.

Freight Coordination

The Company may coordinate shipment consolidation or provide freight quotes for Distributor planning purposes; however, final freight costs are invoiced based on actual charges incurred. The Company assumes no liability for freight delays, losses, or cost increases beyond its control.

Risk of Loss

Risk of loss or damage to Products transfers to the Distributor upon the Company's delivery of the goods to the designated carrier at the point of shipment. The Distributor shall be responsible for insuring all shipments from that point onward.

Shipping Holds

The Company may withhold shipments of Products if the Distributor is on credit hold or fails to meet minimum stocking or payment obligations, as set out in this Agreement.

2.9 Title to Products

Ownership of each Product transfers to the Distributor when the Product is picked up by the Distributor or its chosen carrier at the Company's facility in Emerald Park, Saskatchewan, Canada (EXW – Incoterms® 2020). The Distributor hereby grants to the Company a security interest in the Products, wherever located, and including any related accessories, replacements, modifications and proceeds thereof (such as insurance proceeds) as security for the payment of the full purchase price and any applicable taxes, interest, or other charges payable by the Distributor to the Company. Where permitted by law, the Distributor hereby waives any right to receive a copy of any financing statement, verification statement or similar statement registered or to be registered at any time regarding the security interest granted and any extension, amendment or continuation thereof.

2.10 Product Pick-up or Delivery

The Distributor agrees to accept delivery of all Products purchased by the Distributor under this Agreement, EXW (Ex Works Incoterms® 2020) from the Company's manufacturing facility in Emerald Park, Saskatchewan, Canada. The Distributor shall not remove such Products from the Company's manufacturing facility until the Distributor has provided satisfactory proof to the Company that the Products are insured and the Company is a named beneficiary. Risk of loss for all Products sold by the Company to the Distributor shall pass to the Distributor immediately upon shipment of the Products to the Distributor as aforesaid.

The Distributor and the Company may mutually agree that the Company shall organize shipping or pick up of certain Products.

2.11 Market Share, Growth and Defined Territory

The Distributor is responsible for achieving, maintaining, and growing market share in the Territory. In accordance with Section 2.17(h), the Distributor shall design, develop, and implement the required marketing plan and shall provide such marketing plan to the Company's Director of Sales at the Distributor's annual meeting with the Director of Sales. At the discretion of the Director of Sales, other meetings during the year may be requested for updates regarding market share or the Distributor's marketing activities.

The Company reserves the right to disallow sales programs outside of the Territory. In addition, the Company's sales programs are designed for a specific country. Distributors are not allowed to utilize sales programs outside of their country's location.

Failure by the Distributor to comply with Section 2.11 shall entitle the Company, in its sole discretion, to restrict, revise, or revoke the Distributor's exclusivity granted under Section 1.1, without limiting any other rights or remedies available to the Company under this Agreement.

2.12 Unit Pre-Delivery Inspection (“PDI”) and Hook-up

The Distributor will ensure their Dealers are aware they are responsible for all hook-ups, all in tractor cab components, and to perform a final PDI of all units prior to delivery to the Customer. Dealers are also responsible for Product training and knowledge.

The Company requires each Dealer to have at least one trained SeedMaster technician. Failure to comply may result in restricted support access. The Company will provide service training from time to time, and it is the Company’s expectation that all Dealers will provide service personnel to attend this training. This training will occur once per year and may be delivered either in person or online.

2.13 Service and Technical Support

The Distributor is required to provide service and technical support to all units their Dealers sell. The Dealers are the first point of contact for all service and technical support questions from the Customer. If a Dealer is unable to resolve the Customer’s issue, the technician must call the Distributor. If the Distributor is unable to resolve the Customer’s issue, the Distributor must call the Company. The Company will not pay the Distributor for any mileage, boarding, meals, or other costs that arise due to service work. The Company reserves the right to charge the Distributor for service and technical support labor at the Company’s rates in effect at the applicable time if the Distributor does not fulfill their service duties as outlined above.

2.14 Emergency Repair

The Distributor and Dealer will be responsible for following the laws of the country or state within which the Product has been sold as it relates to emergency repairs.

2.15 Warranty

The attached Schedule A: International Warranty Statement and Policy forms part of this Agreement and is hereby incorporated by reference.

2.16 Standard of Care and Conduct

Notwithstanding any other provisions hereof to the contrary, the Distributor shall perform its duties and obligations under this Agreement and shall conduct its operations as follows: (a) in a prudent and workmanlike manner in accordance with modern and good industry practice; (b) in accordance with all laws and regulations applicable to it and to its operations and by obtaining and maintaining any and all registrations and licenses necessary in connection therewith; (c) in the best interests of the Company; and; (d) in accordance with the terms of this Agreement and any lawful directions given to it by the Company from time to time. In performing its duties and obligations under this Agreement, the Distributor shall be held to the standard of care of a reasonable and prudent operator of a similar business executed in a comparable marketplace in like circumstances.

2.17 Additional Covenants of the Distributor

The Distributor acknowledges, covenants, represents, and warrants to and agrees with the Company as follows:

- (a) To furnish at its sole cost and expense, all labor, machinery, equipment, and materials necessary to or for the performance of its duties under this Agreement.

- (b) To not do anything to compromise the goodwill of the Company and to maintain adequate capital in connection with the operation of its distributorship.
- (c) To obtain insurance pursuant to Article 5 hereof.
- (d) That all patents, patent applications, trademarks, copyrights, industrial designs, trade names, inventions, technology, technical information, trade secrets, know how, confidential information, drawings, and other intellectual property rights of any type or kind, whether registered or not, owned by or licensed to or used by the Company relating to the Products are valid and the exclusive property of the Company and that the Distributor will not use any of the foregoing for any purpose other than to perform its duties under this Agreement nor do anything to infringe upon, harm or contest the validity thereof.
- (e) To the extent that the Distributor collects, accesses, uses, stores, or otherwise processes personal information or Customer data on behalf of the Company (including Customer names, addresses, and contact information), the Distributor shall:
 - (i) process such data solely for the purpose of marketing and distributing the Products and perform the Market Development Consulting Services and Demo Support Services in accordance with this Agreement and in accordance with the Company's written instructions;
 - (ii) comply with all applicable Canadian privacy and data protection laws, including the *Personal Information Protection and Electronic Documents Act* (Canada), as applicable;
 - (iii) implement and maintain commercially reasonable administrative, technical, and physical safeguards designed to protect such data against unauthorized access, use, disclosure, loss, or destruction; and
 - (iv) promptly notify the Company of any actual or suspected unauthorized access to or disclosure of such data.
- (f) The Distributor agrees to treat all non-public information provided by the Company as confidential, including pricing, Product designs, plans, Customer data, and marketing strategy, and shall not disclose or use such information for any purpose other than fulfilling its obligations under this Agreement.
- (g) The Distributor shall not modify or alter the Products without the prior written approval of the Company.
- (h) To design, develop and implement a marketing plan for the Products, which design, plan and implementation shall be completed no later than the date of the Company's publication of its annual spring unit price list referenced in Section 2.3. The Distributor shall provide the Company with timely oral or written reports of such marketing plan as requested by the Company in respect of its marketing activities for the Products and, within a reasonable period of time upon request by the Company, to furnish the Company with such other information and reports concerning the Distributor's business and operations relating to Product sales, services and warranty as the Company deems necessary from time to time, acting reasonably.

- (i) The Distributor consents to the release by third parties to the Company, its agents, employees or other representatives of such information as the Company may require at any time in connection with any credit requested or applied for by the Distributor from the Company under this Agreement and to the disclosure by the Company of any information concerning the Distributor to any credit reporting agency or to any other person with whom the Distributor has or proposes to have financial dealings; and
- (j) The Distributor agrees to keep an accurate record of the names and addresses of all Customers of Products sold by the Distributor and provides such list to the Company, as and when requested by the Company.

2.18 Covenants of the Company

The Company acknowledges, covenants, represents, and warrants, to the extent possible, as follows:

- (a) Provide marketing materials and supporting data to be used for adaptation in the Territory.
- (b) Provide competitive market intelligence data and documents.
- (c) Provide training and in Territory support for initial setting up for both the Distributor's employees and Dealer staff.
- (d) Provide access to technical support throughout the season as reasonably needed.
- (e) Provide guidance and support for the design and execution of in-territory agronomic performance field trials.
- (f) Provide the Distributor with complete Territory sales history of both units and parts.
- (g) Provide where and when possible historical service records for existing equipment in the Territory.

ARTICLE 3 - TERM AND TERMINATION

3.1 Term

The term of this Agreement shall be for a period of 3 year(s), commencing on the Effective Date. This Agreement shall be automatically renewed for successive terms of 3 year(s) each unless either party shall give the other notice of non-renewal not less than 90 days prior to the end of the then current term or unless this Agreement is otherwise terminated as provided herein.

3.2 Termination

While it is the hope and expectation of the parties that this Agreement will create an enduring and mutually profitable and satisfactory relationship, it is recognized that circumstances may arise making it necessary for the parties to take steps to protect their respective interests or making it impracticable for this Agreement to continue, and under which it should be terminated prior to the end of the term of this Agreement. Unless otherwise provided by applicable federal or provincial law, either party may terminate this Agreement without cause and for any reason, upon not less than 365 days written notice given to the other party, or 90 days with mutual consent, provided

that nothing contained herein shall prevent either party from immediately terminating this Agreement in the following circumstances:

- (a) in the event of a fundamental breach of this Agreement by the other party.
- (b) in the event of bankruptcy or insolvency of the other party.
- (c) in the event a party fails to pay any amounts owing to the other party when due.
- (d) if the Distributor fails to hold proceeds of the sale of Products in trust for Company until payment for such Products are made in full to the Company (this being a right of termination solely in favor of the Company).
- (e) in the event of an assignment or attempted assignment of this Agreement or any rights or obligations hereunder by either party without the prior express written consent of the other party.
- (f) in the event the Distributor fails to maintain satisfactory insurance with respect to the Products (this being a right of termination solely in favor of the Company).

For clarity, failure to meet sales volumes set forth in Schedule B does not by itself constitute breach, but may trigger reassessment or renegotiation of exclusivity, cost-share, and partnership structure per Schedule B.

3.3 Obligations Following Termination

Upon termination of this Agreement for any reason, the Distributor shall:

- (a) Immediately lose all rights and privileges to distribute Products, except as otherwise specifically contemplated under this Agreement.
- (b) Return to the Company all materials, personal information, Customer data, and any other confidential information provided by the Company, including displays, manuals, price lists, marketing materials, technical documents, and any other related items.
- (c) Cease all use of the Company's intellectual property, including but not limited to, signs, trademarks, and trade names, and refrain from presenting itself as an authorized sales or service Dealer.
- (d) If requested by the Company, sell to the Company all on-hand Products (excluding parts) at the original net price paid by the Distributor, plus actual freight charges incurred by the Distributor. All returned Products (excluding Parts) must be in first-class condition; the Company may reject any item that does not meet this standard.
- (e) If requested by the Company, sell to the Company all on-hand parts at the original net price paid by the Distributor. Returned parts must also be in first-class condition and are subject to Company approval and a restocking fee of 15% subject to damage or missing components.
- (f) Immediately pay all outstanding amounts owed to the Company.

If the Company chooses not to repurchase the remaining inventory of Products, the Distributor may sell off such inventory under the terms of this Agreement.

ARTICLE 4 – INDEMNITY AND LIABILITY

4.1 Mutual Indemnification:

Each Party covenants and agrees to indemnify, defend, and hold harmless the other Party and its directors, officers, employees, agents, contractors, and other representatives from and against any and all claims, losses, damages, liabilities, costs, and expenses (including reasonable legal fees on a solicitor-client basis) arising out of or in connection with:

- (a) the injury to or death of any person, or damage to or loss or destruction of any property, howsoever caused, attributable to the acts or omissions of the indemnifying party or its directors, officers, employees, agents, contractors, and other representatives; or
- (b) the indemnifying party's failure to perform, fulfill, or comply with, or any breach, inaccuracy, or default of, its representations, warranties, covenants, agreements, or other obligations under this Agreement.

except to the extent caused by the gross negligence or willful misconduct of the indemnified party or its directors, officers, employees, agents, consultants, or other representatives.

4.2 Limitation of Liability:

- (a) To the maximum extent permitted by law, the Company shall not be liable to Distributor for any indirect, incidental, consequential, special, punitive, or exemplary damages, including but not limited to loss of profits, revenue, business opportunities, or goodwill, arising out of or relating to this Agreement, regardless of the cause of action and even if advised of the possibility of such damages.
- (b) The Company's total aggregate liability to Distributor for any and all claims arising out of or relating to this Agreement shall not exceed the total amount paid by Distributor to the Company under this Agreement during the twelve (12) months immediately preceding the event giving rise to the claim.

Nothing in this Section 4.2 limits liability for (a) death or personal injury caused by gross negligence or willful misconduct, or (b) any indemnification obligations expressly set forth in this Agreement.

ARTICLE 5 - INSURANCE

5.1 Insurance:

The Distributor shall, at its own cost and expense, procure and maintain in full force and effect throughout the term of this Agreement, and for a period thereafter as required by law, insurance coverage with insurers licensed to do business in the applicable jurisdiction and having an A.M. Best rating of A- or better, including the following minimum coverages and limits:

Coverage	Limits of Insurance (CAD)
Worker's compensation affording protection in any state/province in which employees may operate	Statutory

Employer's Liability	\$1,000,000*
Commercial General Liability (Occurrence coverage) including: a. Contractual Liability, for all written contracts. b. Personal Injury including false arrest, detention or imprisonment, malicious prosecution, libel, slander, defamation, or violation of the right of privacy, wrongful entry, eviction, or other invasion of right of private occupancy. c. Products & Completed Operations Liability	 \$2,000,000 each Occurrence* \$4,000,000 General Aggregate* \$2,000,000 Personal Injury* \$10,000,000 Products and Completed Operations each Occurrence & \$10,000,000 Aggregate*
Comprehensive Automobile Liability (covering all owned, non-owned and hired autos)	\$2,000,000 Combined Single Limit (bodily injury & property damage) *

* These required minimum limits of insurance coverage can also be complied with through the purchase and maintenance of an excess/umbrella liability policy with sufficient insurance coverage amounts.

The Company shall be named as an additional insured under the Commercial General Liability policy with respect to liability arising out of or related to the Distributor's performance under this Agreement, including Products and completed operations, where permitted by law.

All policies shall be primary and non-contributory to any insurance maintained by the Company.

The Distributor shall provide certificates of insurance evidencing the required coverage upon execution of this Agreement and upon request thereafter.

The Distributor shall provide at least thirty (30) days prior written notice to the Company of any cancellation, non-renewal or material change in coverage to the insurance policies obtained and maintained pursuant to this Section 5.1.

ARTICLE 6 – COMPLIANCE AND RECORDS

6.1 Distributor shall maintain complete and accurate records relating to its obligations under this Agreement, including but not limited to sales, Customer lists, and the distribution of Products, for a period of seven years from the date of creation. Such records shall be kept in a manner that allows for timely retrieval and inspection. Upon reasonable notice, the Company shall have the right to audit or inspect these records during normal business hours to verify compliance with this Agreement.

ARTICLE 7 – GENERAL CLAUSES

7.1 Governing Law

This Agreement is governed by the laws of the Province of Saskatchewan and the federal laws of Canada applicable therein. Each party irrevocably and unconditionally submits to the exclusive jurisdiction of the courts of the Province of Saskatchewan in connection with any

dispute, action, litigation or proceeding of any kind whatsoever arising from or relating to this Agreement.

7.2 Entire Agreement

This Agreement including all attached Schedules constitutes the full and final agreement between the parties. It supersedes all prior negotiations, proposals, communications, and agreements, whether written or oral.

7.3 Amendments

No changes will be binding unless made in writing and signed by both parties.

7.4 Waiver

Failure to enforce any part of this Agreement does not waive the right to enforce that or any other part later.

7.5 Severability

If any part of this Agreement is found unenforceable, the remainder will stay in effect.

7.6 Assignment

Neither party may assign this Agreement or any rights under it without prior written consent from the other party, except in the case of an internal reorganization or affiliate transfer.

7.7 No Reliance

Each party acknowledges that it has not relied upon any representations, forecasts, assurances, or promises not expressly contained in this Agreement or its Schedules.

7.8 Notices

Formal notices must be delivered by email with confirmation of receipt or by registered mail to the addresses specified in this Agreement. Notices are deemed effective upon delivery.

7.9 Enurement

This Agreement shall be binding upon and shall enure to the benefit of the Parties hereto and their respective successors and permitted assigns.

7.10 Electronic Signatures

This Agreement may be executed electronically in counterparts. All signed copies together constitute one agreement.

Schedule A - International Warranty Statement and Policy

International Warranty Statement

The warranty terms applicable to the Products are set out in the international warranty statement and limited warranty guidelines attached as Appendix 'A' to this Schedule and, except as set forth in this Schedule A, there are no other warranties, terms, or conditions applicable to the Products, whether express or implied, except as expressly stated herein. The Company may replace, amend, or otherwise modify the warranty terms set out in this Schedule A (including Appendix A hereto) from time to time, provided that the Company gives the Distributor prior written notice of any such replacement, amendment, or modification. To the extent there is any inconsistency between the terms set forth in the international warranty statement attached hereto as Appendix 'A' (as the same may be replaced, amended or otherwise modified from time to time) and the remainder of this Schedule A, the terms of such international warranty statement shall prevail.

Warranty Procedure

The procedure for submitting a warranty claim is as follows:

1. Service/Warranty repairs must be completed, and machinery must be operational as quickly as possible.
2. Repairs must be completed using SeedMaster parts with valid SeedMaster part numbers, and all labor must be completed by SeedMaster authorized dealers / personnel.
3. Submit for warranty using the dealer invoice by e-mail to warranty@seedmaster.ca.

Warranty Claim Criteria

The following information must be documented on the invoice that is submitted to SeedMaster. All invoices MUST have the required information noted correctly and clearly:

- Machine serial number
- Date of failure
- Detailed warranty claim description
- Required parts used detailing SeedMaster part numbers
- Pictures of failed components must be included with the original warranty invoice
- Hours of labor required for repair
- Dealer's service labor rates
- Date of repair completion

Replacement part claims must include customer proof of purchase to initiate the claim.

SeedMaster warranty labor coverage for newly produced machines will be credited back at the posted labor rates of SeedMaster dealers.

Additional Warranty Limitations

In addition to any requirements and conditions set forth in SeedMaster's international warranty statement:

- The claim will be processed within 30 days of receiving the warranty invoice. Items being claimed are required to include a picture of the failed component. SeedMaster reserves the right to request items to be returned for inspection with the warranty claim as listed in the Warranty RMA Parts below.
- Warranty claims may be delayed or rejected if any of the required information or pictures are missing / incomplete from the invoice submitted.

Warranty RMA Parts

SeedMaster may request the following parts to be returned for inspection after being replaced under factory warranty:

- Seed and fertilizer knives
- Hydraulic components
- Raven components
- Electrical components
- Pneumatic components
- Metering components
- Digi-Star components
- Blockage components
- Camera components
- Packer tire and hub assemblies

In the event that the aforementioned RMA parts are requested for inspection, RMA numbers will be emailed with the list of parts to be returned. All packages MUST be clearly marked with the RMA number.

All warrantied parts should be available to the dealership to initiate a claim. If they are not required to be returned to SeedMaster as per the above list, the dealership must keep these parts for 60 days to ensure inspection is not required. SeedMaster reserves the right to inspect any warrantied parts for up to 60 days after the initial claim.

SeedMaster will pay for shipping of requested RMA parts to be returned for warranty inspection.

Warranty parts that are inspected and classified as operational and re-sellable will be returned to the dealer at their expense and not covered under SeedMaster warranty.

*Transport tires are warrantied through your local tire dealership.

*SeedMaster is creating guidelines for warranty part removal and reinstallation times.

*Additional Dealer responsibilities are included in the International Warranty Statement. Dealers should review the statement and confirm they understand their specific obligations described therein.

Please ensure that this procedure is forwarded to the necessary staff at your location for review. If you have any questions, please contact warranty@seedmaster.ca.

Appendix A to Schedule A – International Warranty Statement

International Warranty Statement

www.seedmaster.ca

#1 South Plains Road West

Emerald Park, SK

S4L 1C6

Warranty Purpose

Should a defect in material or workmanship occur during the specified manufacturer's warranty period, SeedMaster will assume specific repair responsibilities as listed in the Warranty Statement. This Warranty Statement is to be provided to the purchaser of each piece of new equipment with a SeedMaster serial number. Warranty begins on the date the product is delivered to the original retail purchaser of the product.

SeedMaster Manufacturing Responsibilities

SeedMaster Manufacturing's objective is to ensure that owners obtain maximum reliability and performance from all SeedMaster products. SeedMaster warrants its new products (when properly assembled, adjusted, maintained, and operated) to be free of defects in material and workmanship for the applicable warranty period to the original retail purchaser.

Warranty Summary

Subject to the specific warranties described below, SeedMaster will repair or replace, at SeedMaster's option, without charge for parts or labor to the **original retail purchaser**, any defective part of the equipment as follows:

Owner Operator (equipment is used by owner only): **Twelve (12) months from the date of delivery to the original retail purchaser** unless otherwise stated within the Warranty Expectations.

Rental Equipment (equipment is rented by owner to third parties): **Six (6) months from the date of delivery to the original retail purchaser.**

Replacement Parts: SeedMaster will repair or replace, at SeedMaster's option, to the original retail purchaser, any defective part for Ninety (90) days from the date of delivery to the original retail purchaser, or the balance of the original warranty period, whichever is longer.

The parts warranty claim must be accompanied with proof of purchase from your SeedMaster Dealer. Warranty Credit will be issued upon receipt of defective part. All freight charges incurred to return defective parts to Dealer are the responsibility of the customer. Maintenance items such as chains, filters, hydraulic oil etc., are not covered.

Warranty Expectations

SeedMaster SMD Air Drill

Frame

SeedMaster's SMD Air Drill frames are warranted against defects in assembly, material, and workmanship for 12 months from the date of delivery to the original retail purchaser. Labor will be covered for a period of 12 months from the date of delivery to the original retail purchaser.

Openers

SeedMaster's SMD dual knife openers are warranted against assembly, material, and workmanship defects for the following periods:

1. Knives: 100% coverage on breakage for 6 months from the date of delivery to the original retail purchaser or 10,000 acres (whichever occurs first). This warranty does not cover wear or any aftermarket ground engaging tools.
2. Hydraulic Cylinders: 100% coverage on hydraulic defects such as internal or external leaks for 12 months from the date of delivery to the original retail purchaser.
3. Hardware: 100% coverage against assembly, material, and workmanship defects for 12 months from the date of delivery to the original retail purchaser.
4. Rubber Packer Wheels: 100% coverage against material defects for 6 months from the date of delivery to the original retail purchaser. Cuts, scrapes, or abrasions will not be warranted when used in excessively abrasive or rocky conditions.

SeedMaster UltraPro II Tank

Metering

SeedMaster's metering is warranted against defects in assembly, material, and workmanship for a period of 12 months from the date of delivery to the original retail purchaser.

Tarps

SeedMaster's tarps are warranted against defects in assembly, material, and workmanship for a period of 12 months from the date of delivery to the original retail purchaser.

Frame and Structure

SeedMaster's tank frame and structure are warranted against defects in assembly, material, and workmanship for a period of 12 months from the date of delivery to the original retail purchaser. Labor will be covered for a period of 12 months from the date of delivery to the original retail purchaser.

Paint

SeedMaster's paint is warranted against defects in assembly, material, and workmanship for a period of 12 months from the date of delivery to the original retail purchaser. Tank paint warranty is void if damage has been caused by chemical additive used on product being applied.

Warranty Expectations

SeedMaster Nova Series II Air Carts

Metering

SeedMaster's metering is warranted against defects in assembly, material, and workmanship for a period of 12 months from the date of delivery to the original retail purchaser.

Poly Tanks

SeedMaster's poly tanks are warranted against defects in assembly, material, and workmanship for a period of 12 months from the date of delivery to the original retail purchaser.

Frame and Structure

SeedMaster's tank frame and structure are warranted against defects in assembly, material, and workmanship for a period of 12 months from the date of delivery to the original retail purchaser. Labor will be covered for a period of 12 months from the date of delivery to the original retail purchaser.

Paint

SeedMaster's paint is warranted against defects in assembly, material, and workmanship for a period of 12 months from the date of delivery to the original retail purchaser. Frame and tank paint warranty is void if damage has been caused by chemical additive used on product being applied.

SeedMaster Ultra SR

Frame

SeedMaster's Ultra SR frames are warranted against defects in assembly, material, and workmanship for 12 months from the date of delivery to the original retail purchaser. Labor will be covered for a period of 12 months from the date of delivery to the original retail purchaser.

Openers

SeedMaster's Ultra SR openers are warranted against assembly, material, and workmanship defects for the following periods:

1. Knives: 100% coverage on breakage for 6 months from the date of delivery to the original retail purchaser or 10,000 acres (whichever occurs first). This warranty does not cover wear or any aftermarket ground engaging tools.
2. Hydraulic Cylinders: 100% coverage on hydraulic defects such as internal or external leaks for 12 months from the date of delivery to the original retail purchaser.
3. Hardware: 100% coverage against assembly, material, and workmanship defects for 12 months from the date of delivery to the original retail purchaser.
4. Rubber Packer Wheels: 100% coverage against material defects for 12 months from the date of delivery to the original retail purchaser. Cuts, scrapes, or abrasions will not be warranted when used in excessively abrasive or rocky conditions.

Warranty Expectations

Residue Management System

SeedMaster's Residue Management System is warranted against assembly, material, and workmanship defects for the following periods:

1. Tines: 100% coverage on breakage for 6 months from the date of delivery to the original retail purchaser or 10,000 acres (whichever occurs first).
2. Bushings: 100% coverage on failure or premature wear for 6 months from the date of delivery to the original retail purchaser or 10,000 acres (whichever occurs first).
3. RPM System: 100% coverage on failure or damage due to wear for 6 months from the date of delivery to the original retail purchaser.
4. Flex Coupling and Connector Links: 100% coverage on failure or premature wear for 6 months from the date of delivery to the original retail purchaser or 10,000 acres (whichever occurs first).
5. Scraper: 100% coverage on failure or premature wear for 6 months from the date of delivery to the original retail purchaser or 10,000 acres (whichever occurs first).
6. Hardware: 100% coverage against assembly, material, and workmanship defects for 12 months from the date of delivery to the original retail purchaser.

SMS Single Knife Tool Bar

Frame

SMS Single Knife tool bar frames are warranted against defects in assembly, material, and workmanship for 12 months from the date of delivery to the original retail purchaser. Labor will be covered for a period of 12 months from the date of delivery to the original retail purchaser.

Openers

SeedMaster's Single Knife air drill openers are warranted against assembly, material, and workmanship defects for the following periods:

1. Knives: SeedMaster branded knives are 100% coverage on breakage for 6 months from the date of delivery to the original retail purchaser or 10,000 acres (whichever occurs first). This warranty does not cover wear or any aftermarket knife providers.
2. Hydraulic Cylinders: 100% coverage on hydraulic defects such as internal or external leaks for 12 months from the date of delivery to the original retail purchaser.
3. Hardware: 100% coverage against assembly, material, and workmanship defects for 12 months from the date of delivery to the original retail purchaser.
4. Rubber Packer Wheels: 100% coverage against material defects for 6 months from the date of delivery to the original retail purchaser. Cuts, scrapes, or abrasions will not be warranted when used in excessively abrasive or rocky conditions.

Warranty Expectations

SeedMaster E-Series Air Cart

Metering

SeedMaster's metering is warranted against defects in assembly, material, and workmanship for a period of 12 months from the date of delivery to the original retail purchaser.

Poly Tanks

SeedMaster's poly tanks are warranted against defects in assembly, material, and workmanship for a period of 12 months from the date of delivery to the original retail purchaser.

Frame and Structure

SeedMaster's tank frame and structure are warranted against defects in assembly, material, and workmanship for a period of 12 months from the date of delivery to the original retail purchaser. Labor will be covered for a period of 12 months from the date of delivery to the original retail purchaser.

Paint

SeedMaster's paint is warranted against defects in assembly, material, and workmanship for a period of 12 months from the date of delivery to the original retail purchaser. Frame and tank paint warranty is void if damage has been caused by chemical additives used on product being applied.

Air Seeder Distribution Hoses

Hoses are warranted 100% for the first six months and 50% for another six months against wearing completely through from the inside out. The distribution hoses are not warranted against breaking, kinking, pinching, being rubbed through from the outside, or deterioration due to environmental factors.

Hose breakage at temperatures below minus ten (10) degrees Celsius will not be covered.

Batteries, Electrical Components, Engines, Hydraulic Components, Tires, etc.

These items are warranted directly by the respective manufacturers and are not covered by SeedMaster Manufacturing Warranty.

Warranty Limitations

Improper Use, Care or Repairs

Each piece of equipment from SeedMaster has an intended use, which is described in the operator's manual and our brochures. A failure occurring due to an unusual condition or operation not specifically intended by SeedMaster will not be warranted.

The operator's manual supplied with each piece of equipment gives instructions on safe, optimal, and productive operation of the equipment. Shortcuts in operation or disregard for these instructions may cause damage to the unit which will not be warranted.

This warranty is void on any unit that has been tampered with or that has been subject to negligent use, misuse, neglect, improper maintenance, accident or which has had the serial number tampered with or removed.

SeedMaster Manufacturing Warranty is void if failure or damage is caused by improper equipment hook up, including but not limited to electrical and hydraulic connections.

SeedMaster Manufacturing Warranty is void if any unauthorized additions or modifications are made.

Repairs shall be made by SeedMaster authorized dealers only. The warranty does not cover, and SeedMaster shall not be responsible for costs incurred in connection with repairs made by unauthorized persons.

Loss or Damage During Shipment

The expressed warranty does not cover loss or damage during shipment, which is the responsibility of the carrier.

Limited Warranty

The owner's sole and exclusive remedy with respect to the quality, performance, or fitness of the equipment shall be as provided in the express warranties described above. SeedMaster shall have no liability with respect to any non-conformance of or defect whatsoever in the equipment (including any liability for direct, indirect, special, incidental or consequential damages) whether in warranty, contract, tort, negligence, strict liability or otherwise, including but not limited to loss of crops, loss of profits, delay in seeding or harvesting, costs incurred on account of rental or substitute equipment, or any other economic loss.

The warranty provided herein is in no manner a guarantee against the occurrence of any defect in material or workmanship but only provides for the repair and replacement of defective items.

THE EXPRESS WARRANTIES OUTLINED ABOVE ARE EXCLUSIVE AND IN LIEU OF ALL OTHER WARRANTIES, CONDITIONS AND TERMS AS TO QUALITY, FITNESS OR PERFORMANCE OF THE EQUIPMENT, WRITTEN, ORAL, OR IMPLIED, STATUTORY OR OTHERWISE, INCLUDING, WITHOUT LIMITATION, ANY WARRANTIES OR CONDITIONS OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE, AND ALL SUCH OTHER WARRANTIES, CONDITIONS AND TERMS ARE HEREBY DISCLAIMED AND EXCLUDED.

Dealer Responsibilities

The following responsibilities are to be performed when the dealer delivers a product to the purchaser or otherwise places it into warranty service:

1. Review and complete Pre-Delivery Inspection (PDI Form) with purchaser to ensure understanding of purchaser's responsibilities as related to maintenance, and the proper and safe operation of the product. Purchasers should be advised to have failed parts repaired or replaced immediately upon failure and that continued use **will** result in additional damage and excessive wear and could void the equipment warranty. **Note: Pre-Delivery Inspection (PDI Form) must be signed by purchaser prior to use.**
2. Complete the Pre-Delivery Inspection Form and forward to SeedMaster Manufacturing within 30 days of the delivery of the product. **Warranty registration is contingent upon product and retail purchaser registration.**
3. Review the SeedMaster Manufacturing Warranty Statement with the purchaser to ensure his/her understanding of SeedMaster Manufacturing's responsibilities, the Dealer's responsibilities, and the owner's responsibilities regarding warranty.
4. Provide warranty and service repairs as directed in SeedMaster Manufacturing's Warranty Policy and Technical Support Bulletins.
5. Must attend Technical Support Schools on a yearly basis to maintain Dealership Warranty Certification.

Owner Responsibilities

1. Review and complete the Pre-Delivery Inspection Form with your SeedMaster Manufacturing Dealer to ensure understanding of your responsibilities as related to maintenance, and the proper and safe operation of the product. Retain your signed copy of the Pre-Delivery Inspection to verify delivery of your new SeedMaster Manufacturing equipment and warranty registration of your product serial number.
2. Review the SeedMaster Manufacturing Warranty Statement with your Dealer to ensure your understanding of SeedMaster Manufacturing's responsibilities, your SeedMaster Manufacturing Dealer's responsibilities, and the owner's responsibilities regarding warranty.
3. It is the responsibility of the owner, at the owner's expense, to transport the equipment to the service shop of an authorized SeedMaster Manufacturing Dealer, or alternately, to reimburse the dealer for any travel or transportation expense involved in fulfilling this warranty.
4. The operator's manual supplied to you with your new SeedMaster Manufacturing equipment at the time of delivery contains important maintenance and service information. You should read the manual carefully and follow all maintenance and service recommendations. Doing so will result in greater satisfaction with your equipment and help to avoid service or warranty problems. Please remember that failures due to improper maintenance, adjustment, or operation of your equipment are **not covered by warranty.**

Closing Remarks

If problems arise, SeedMaster Manufacturing's dealership network can provide clarification and correction. It is important that all SeedMaster units maintain a solid reputation.

SeedMaster's reputation is built not only on a quality product, but also quality advice and fast response to service requirements.

SeedMaster Manufacturing would like to take this opportunity to thank you, our valued customer, and our valued dealer, for showing your confidence in purchasing and representing a quality SeedMaster product.

Schedule B – Staged Market Entry Framework

This Schedule outlines the staged market entry plan for Distributor's exclusive distribution of SeedMaster products in the Territory. Support levels adjust based on cumulative unit sales or the passage of fixed calendar periods, whichever occurs first.

All pricing and discounts described below are in addition to the standard distributor net price unless otherwise stated.

Stage 1 – Market Development

Duration:

From the Effective Date of this Agreement until the earlier of:

- The sale of ten cumulative units (listed by serial number), or
- The conclusion of the federal Regional Tariff Response Initiative ("RTRI") program applicable to SeedMaster (currently March 31, 2028); or
- The termination or modification of SeedMaster's RTRI participation.

Support:

SeedMaster will pay the Distributor a fixed **monthly Marketing & Consulting Support Fee** for the duration of Stage 1. This fee compensates the Distributor for all Market Development Consulting Services and Demo Support Services required to establish early market presence. No additional discounts apply in Stage 1.

All demo-related activity—including deployment, setup, calibration, and operation of demo units—is included within the Marketing & Consulting Support Fee. No demo-unit discounts apply during Stage 1.

Additional details regarding the Support Fee are outlined in Schedule C.

Conditions:

- Maintain a minimum of three active Dealer Groups
 - Submit quarterly sales pipeline updates.
 - Participate in at least one major industry field event in the Territory each year.
 - The Distributor shall provide documentation reasonably required by SeedMaster to support RTRI reporting obligations, including monthly activity summaries accompanying each Support Fee invoice and any other reasonable evidence of Market Development Consulting Services and Demo Support Services performed.
 - The Distributor agrees to reasonably cooperate with any audit, verification, or review procedure required by SeedMaster, its auditors, or any government agency administering RTRI or a successor program.
 - The Distributor agrees not to delay, defer, or sequence unit orders for the purpose of extending Stage 1 or prolonging eligibility for the Support Fee.
-

Stage 2 – Growth Phase

Duration:

Begins immediately after Stage 1 and continues until the earlier of:

- Sales of twenty cumulative units; or
- December 31 of the fourth full calendar year following the Effective Date.

Support:

- +3% additional discount on all units sold during Stage 2.
- Up to three demo units per calendar year may be purchased at an additional +7.5% discount, subject to SeedMaster's prior written approval.

Conditions:

- Dealer network expanded to at least four active Dealer Groups.
- Maintain a Products inventory valued at a minimum of \$250,000 CAD (landed cost).
- Submit an annual sales and marketing plan to SeedMaster.

Stage 3 – Standard Commercial Terms

Start:

Commences upon the earlier of:

- Sales of twenty-one cumulative units, or
- January 1 of the fifth full calendar year following the Effective Date.

Pricing:

- All products shall be purchased at the standard distributor net price.
- Up to 2 demo units per calendar year may be purchased at an additional +5% discount, subject to SeedMaster's prior written approval.
- Any units purchased beyond this quantity, or at a discount exceeding +5%, are considered further discounts and require prior written approval from SeedMaster.

Schedule C – Stage 1 Marketing & Consulting Support Fee

1. Purpose of the Support Fee

The Support Fee is intended to compensate the Distributor for performing Market Development Consulting Services and Demo Support Services required to establish the SeedMaster brand and sales channel in the Territory during Stage 1 of the Staged Market Entry Model.

The Support Fee is designed to:

- a) support early-stage commercialization and market-entry efforts;
- b) offset the Distributor's costs associated with establishing dealers and customer awareness;
- c) compensate the Distributor for demonstration activities, demo-unit deployment, and field event support;
- d) reflect SeedMaster's good-faith expectation that units will be sold in the Territory during Stage 1; and
- e) qualify as eligible consulting, marketing, and commercialization expenditures under the RTRI or any successor program.

2. Support Fee Amount

The specific monthly Support Fee amount will be **established in writing between the parties** and may be revised from time to time upon mutual agreement **without requiring amendment to the Agreement**.

The agreed monthly fee amount will be communicated in a separate commercial document or notice letter and shall remain in effect until:

- the conclusion of Stage 1;
- the date the parties mutually modify the amount; or
- termination of SeedMaster's participation in the RTRI program, whichever occurs first.

All Support Fee payments shall be made in Canadian Dollars (CAD), unless otherwise agreed in writing.

3. Invoicing and Payment

- a) The Distributor shall issue an invoice for the Support Fee **at the end of each calendar month**.
 - b) Each invoice must include a brief activity summary outlining Market Development Consulting Services and Demo Support Services performed during that month.
 - c) Each monthly Support Fee invoice shall be payable by SeedMaster within thirty (30) days of the invoice date.
 - d) The Support Fee shall not be reduced, offset, or netted against Product parts or unit invoices.
-

4. Scope of Services Covered by the Support Fee

The Support Fee compensates the Distributor for all activities associated with Stage 1 commercialization, including but not limited to:

4.1 Market Development Consulting Services

- Dealer network development and onboarding
- Territory mapping and dealer evaluations
- Customer engagement, lead development, and follow-up
- Competitive product comparisons and pricing intelligence
- Localization of marketing materials for the AU market
- Industry event participation and brand-building activities
- Reporting and communication with SeedMaster
- Regulatory, logistics, and import support coordination

4.2 Demo Support Services

- Deployment, transport, and coordination of demo units
- Setup, calibration, tuning, and preparation of demo equipment
- Operation of demo units at field days, dealer events, and customer demonstrations
- Collection of agronomic and performance data
- Post-demo evaluations and reporting
- Dealer and technician training using demo units

4.3 RTRI Alignment

All services described above are intended to fit within categories eligible for funding under RTRI or related federal export development programs, including:

- commercialization
- market development
- export readiness
- demonstration support
- customer engagement
- dealer network establishment

5. Duration of Support Fee

The Support Fee applies **only during Stage 1**.

Upon transition to Stage 2, the Support Fee ceases automatically, and Stage 2 pricing and demo-discount terms apply.

6. Reconciliation and Adjustment

At the conclusion of Stage 1, SeedMaster and the Distributor will meet to:

- a) review the effectiveness of Stage 1 commercialization activities;
- b) assess the relationship between services performed and commercial outcomes; and
- c) determine if adjustments to future support, dealer expectations, or Stage 2 readiness are required.

No claw back or repayment of Support Fees shall be required unless mutually agreed by the parties in writing.

7. No Impact on Product Pricing

The Support Fee:

- is separate from all Product and unit pricing;
- shall not be considered a discount, rebate, or price concession;
- shall not reduce or modify dealer net price;
- shall not be tied to actual unit sales; and
- shall be treated as payment for services, not product incentives.
